Education

M.A. Political Science, University of Mannheim, expected 2027.

GPA: 1.6/1.0

Study abroad: University of Essex (incoming)

B.A. Political Science, *Magna Cum Laude*, HSE University, 2025.

GPA: 8.82/10

Thesis supervisor: Andrey Korotayev (HSE University). Thesis reviewer: Jack A. Goldstone (George Mason University)

Minor in Data Mining

Research Interests

AUTHORITARIAN POLITICS; REVOLUTIONS AND CONTENTIOUS POLITICS; CAUSAL INFERENCE; COMPUTATIONAL SOCIAL SCIENCE

Academic Employment

Research Assistant, *GESIS – Leibniz Institute for the Social Sciences*
Computational Social Science Department (CSS)

2025–present

Developed web scraping pipelines and machine learning models (TF-IDF, BERT, LLMs) for automated web content classification.

Developed custom Python scripts and tested GESIS Surf software for online political behavior and data donation research

Research Assistant, *HSE University*
Center for Stability and Risks Analysis

2024–2025

Contributed to a comparative quantitative analysis of main revolutionary events datasets; co-authored two peer-reviewed articles published in Q1 journals (*Political Studies Review*; *Defence and Peace Economics*)

Conducted data collection, management, and quantitative analysis for comparative politics research projects.

Research Projects

- Working Group "Study of the Economic Consequences of Revolutions Using Quasi-Experimental Methods", *HSE University*, a group member, ~\$10500
Center for Stability and Risks Analysis
2024–2025
- Studied and applied panel data causal inference methods to estimate the economic consequences of revolutionary events using R (PanelMatch, Synth, fect packages)
- Working Group "Dyadic Approach to the International Political Conflicts and Cooperation Problems Analysis", a group member, ~\$10500
HSE University
2024–2025
- Participated in advanced seminars on network analysis (AMEN, TERGM, SAOM) and quantitative research methods in peace research.
- Research Project, "Modern Revolutions: Factors, Mechanisms, Forecasts", *HSE University*, a project participant
Center for Stability and Risks Analysis
2021–2022
2024–2025
- Conducted original research on political instability and contentious politics in the South Caucasus (2020–2024)
- Authored and published two peer-reviewed articles analyzing revolutionary and "quasi-revolutionary" episodes in the South Caucasus (2020–2021) and protests in Armenia in 2024.

Publications

Awards, Fellowships and Grants

DAAD Scholarship - Master Studies for All Academic Disciplines, 2025–2027, ~€27000 total

French Embassy in Russia Master's scholarship, 2025, ~€8000 total (offer declined to accept DAAD scholarship)

Winner of the Graduate Competition "Higher League" in Political Science, Comparative Politics track (1st place), 2025

Merit-Based Full Tuition Waiver, HSE University, 2021–2025, ~\$28000 total

State Academic Scholarship for High Academic Achievements (issued by HSE University), 2021–2025, ~\$1300 total

Certificate of Academic Excellence, courses in "Linear Algebra" and "Introduction to Multivariate Statistical Analysis" awarded by Denis Stukal (HSE University Faculty of Social Sciences Dean), 2023

Scholarship of the Government of Moscow for Bachelor students, 2022–2023, ~\$1500

Scholarship of the Government of Moscow for All-Russian Olympiad of Schoolchildren Awardees, 2021, ~\$4000

Additional Training

Political Atlas of the Modern World 2.0, *Summer Methodological School*, MGIMO University and HSE University, Moscow, Russia, 2023.

Intensive training in geospatial data analysis, SQL database management, and network analysis

Conference, Seminar Presentations and Invited Talks

- 2026 XVI European Political Science Association Conference, Prague, Czech Republic. Presentations: "Economic equality dividend of popular and elite-driven democratic transitions" (co-authored with Dmitry Semichev and Vadim Ustyuzhanin, [slides](#)); "From Dictatorship to Democracy? The Democratic Dividend of Revolutionary Mass Uprisings" ([slides](#))
- 2026 XXVI Yasin (April) International Academic Conference on Economic and Social Development, Moscow, Russia. Presentation: "Economic Dividend of Mass-Based Democratic Transitions" (co-authored with Vadim Ustyuzhanin and Dmitry Semichev, [slides](#)).
- 2026 X GESIS Political Science Roundtable (PSRT), Mannheim, Germany. Presentation: "The Price of Silence: Fiscal Capacity and Mass Anti-Regime Mobilization in Autocracies" ([slides](#))
- 2025 Seminar "Examining Political Destabilization Consequences: applications in R with the Quasi-Experimental Approach", Center for Stability and Risks Analysis, HSE University (presenter, [slides in Russian](#))
- 2024 Systematic Review of Research on Economic Consequences of Revolutions, Center for Stability and Risks Analysis, HSE University (presenter, [slides in Russian](#))
- 2024 VIII International Conference of Young Scientists "Alliance of Social Sciences", HSE University. Presentation: Influence of Economic Sanctions on Political Destabilisation: a Cross-Country Perspective ([slides](#))
- 2024 Seminar "Contemporary Causal Analysis Methods for Panel Data", Center for Stability and Risk Analysis, HSE University (discussant)
- 2024 "Democratization: Why Do Dictatorships End?" (in Russian), mini-lecture, 2024. Available on [YouTube](#)
- 2023 Factors of Uniting Countries into Military Alliances: Results of an Inferential Network and Logistic Regression Analysis on NATO, the CSTO, and AUKUS. Co-authored oral report with a presentation, Political Atlas of the Modern World 2.0, *Summer Methodological School* ([slides in Russian](#))

Teaching

Teaching Assistant, HSE University, Undergraduate Courses

Conducted tutorial sessions for undergraduate students, designed and graded assignments, provided written feedback, and maintained grading records.

Data Analysis (Matvey Bakshuk)	2024
Introduction to Python (Anastasia Parshina)	2024
Introduction to Probability Theory and Mathematical Statistics (Alexey Makarov)	2023

High School Teaching

Social Sciences and History Teacher, The CTE School (Moscow)	2024–2025
Political Science Instructor, Aurora Talent Development Center of the Republic of Bashkortostan	2022–2025

Service

Conference Organization

Panel Chair at the XVI European Political Science Association Conference, Panel "Experimental Research II", 2026

University Service

Committee Associate at the Social Committee of the HSE Faculty of Social Sciences Student Council, 2021–2022

Memberships

European Political Science Association (2026–present)

Skills

Programming: advanced R, Python, SQL, and SPSS

Advanced quantitative methods: regression analysis (OLS, GLM, multilevel models), panel data analysis, causal inference (matching, weighting, difference-in-differences, instrumental variables), text-as-data

Typesetting: L^AT_EX, Quarto

Languages: Russian (native), English (advanced, IELTS Academic 8.0), German (elementary)
